Dear Parents,

SPECTRUM - A Talent Festival

It gives me great pleasure to inform you that the school is organizing SPECTRUM, a Talent Festival for class XI, on a virtual platform. A kaleidoscope of talent, creativity, innovation and knowledge, SPECTRUM, focuses on rising above the Covid-19 debacle and with unabated optimism helping students become drivers of change.

"The central task of education is to implant a will and facility for learning; it should produce not learned but learning people. The truly human society is a learning society, where everyone learns together."
—Eric Hoffer

With various relevant themes, Spectrum will involve the participation of maximum students of the class. The event which is part of subject oriented pedagogy aims to foster joy of learning by fostering computer skills, experiential learning and art integration. While it will impart in depth understanding of subjects selected by class, it will also promote peer learning, teamwork and confidence, enhance communication and technical skills and lead to developing more aware, responsible and competent citizens of the country. Spectrum is a learning experiment which involves art integration, learning beyond books, develops innovation, self confidence and research attitude, sharpens IT and communication skills, all of which are part of 21st century skills required to be instilled in students as propagated by CBSE and mentioned by NEP 2020.

I once again seek your support and cooperation in the successful organization of the mega event which will once again prove the heroic and combative spirit of our school fraternity in the backdrop of the adverse conditions and ensure the fulfillment of the school vision.

Yours sincerely,

(Mrs. Anita Wadehra)
Principal
